CITY OF VISALIA RATES AND FEES ADMINISTRATIVE POLICY AND PROCEDURES

PURPOSE:

The purpose of this policy is to set forth the procedures for the review, revision and approval of the City's rates and fees.

POLICY:

- 1 It shall be the policy of the City to establish fees and charges for City services, which reimburse the City for the associated services, unless specified otherwise by the City Council.
- 2 All fees and charges shall be reviewed biennial, or sooner if needed, to insure that they are adequate and correlate with their associated cost.
- 3 All fees and charges adopted herein shall be superseded by state or federal legal requirements setting fees and charges if at different amounts.

PROCEDURES:

- 1 In conjunction with the City's 2-year budget process, Finance shall request City departments to review their rates and fees and propose any adjustments.
- 2 Upon receipt of the requested adjustments, Finance shall review them to ensure that they comply with the City Council's policy for reimbursement of the associated costs.
- 3 Upon completion of this review, the proposed new rates and fees shall be reviewed by the appropriate advisory Committee or Commission and forwarded by Finance to the City Manager for final review and approval prior to being submitted to City Council.
- 4 After review and approval by the City Manager, the new rates and fees shall be identified in the Rates and Fees resolution.
- 5 The rates and fees shall be used to estimate revenues, for specific City programs, as requested in the proposed upcoming budget.
- 6 The public hearing on the proposed rates and fees, if required, shall be scheduled at a regular Council meeting.
7. Generally all adjustments to the City's rates and fees are to be considered at one time prior to the review and adoption of the budget. Changes in some rates and fees become effective at a date other than the first day of the new fiscal year. See Effective Date below for detail.
- 8 Should new services or documents become available during the year, the new rate(s) or fee(s) may be developed and implemented using the same criteria as similar rates or fees. These new items would then be included in the next review, if continued use is anticipated.

CITY OF VISALIA RATES AND FEES ADMINISTRATIVE POLICY AND PROCEDURES

BASIS FOR ADJUSTMENTS:

- 1 Generally most adjustments to rates and fees are based on established annual indexes including the following:
 - California Consumer Price Index (CCPI)
 - Engineering News Record Construction Costs Index (ENRCCI)
 - U.S. Consumer Price Index – Urban Consumers (CPI-U)
- 2 In addition to these indexes some rates and fees are also adjusted using other basis to determine fees. For example the following basis are also used in limited cases to adjust rates and fees:
 - Cost of providing service
 - Cost reimbursement
 - Survey of fees from surrounding communities
 - Special surcharges due to specific costs
 - Subsidy by the General Fund
 - Rounding
- 3 Certain rates and fees may not be required to be adjusted. For example if an Enterprise Funds can continue to fund operations without an increase, none will be recommended.

EFFECTIVE DATES:

1. Adjustments to rates and fees generally become effective on the first day of the next fiscal year, or two years, if applicable (e.g. General Fund and Enterprise Funds).
2. Adjustments to Impact Fees are effective 60 days after the date of the Public Hearing in which the new rates were adopted.
3. In certain circumstances a rate or fee may be brought before Council and adjustments adopted during the fiscal year for immediate change or changes over specified number of years.

City of Visalia

Parks and Recreation Department - Fee Policy

BACKGROUND

The Parks and Recreation Department wishes to provide meaningful recreational opportunities to meet the physical, cultural, mental and economic needs of the citizens of Visalia. It is our desire to enhance the quality of life in Visalia by providing open space, recreation facilities and programs for all citizens. Providing an array of quality recreational opportunities is an increasingly complex task due to: (1) demands for new and expanded services, (2) demands to retain older services, (3) increases in operating expenses, and (4) priorities of allocating limited City general fund dollars. Fiscal responsibility mandates the adoption of a sound and consistent fee and charge policy that will guide the generation of revenue to supplement the General Fund's support of park and recreation programs and services.

Fiscal goals of the Parks and Recreation Department include:

- To become less dependent upon tax support from the City and to become more self-sufficient.
- To substantially increase the proportion of the services and operations funded through user fees. The department will make a concerted effort to track its costs for facilities and operations and ensure program costs are better covered by fees charged.
- To view programs and services more as an enterprise. Even though the department is a public agency, the City of Visalia is limited by the funds it can provide for all of its services, let alone those not viewed as essential by many taxpayers.
- In order to continue as a vital, progressive agency in the community, we need to adopt a more entrepreneurial, business-like and fiscally aware approach to our operations.

STATEMENT OF PHILOSOPHY

The philosophy of The City of Visalia, Parks and Recreation Department is to offer year round, diversified Park and Recreation programs and services, at reasonable and equitable rates designed to meet the needs of the citizens of Visalia. Fees and charges will be viewed as a method to equitably provide and expand services without an inordinate impact on the General Fund, while ensuring where fees are implemented, they are kept at a **fair market value** in order to encourage participation. Because the demand for services is greater than the municipality's ability to appropriate funds to support the demand, it becomes necessary to charge new fees, increase some existing fees and pursue additional supplementary revenues and resources.

Fees and charges for parks, recreation and cultural services will provide only one source of funding for the department. Other sources will include general fund appropriations, grants, sponsorships, special gifts, donations and in-kind contributions.

VISALIA'S PRICE MODEL

The Parks and Recreation Department will follow a cost recovery method based on benefits. This model utilizes general fund dollars for programs, services and facilities that benefit the community as a whole and allows for user fees to support programs and services that focus on benefits to individuals. "Attachment A" shows our proposed Cost Recovery Pyramid with the following categories to be used to set program fees based on cost recovery rates:

Parks and Recreation Department - Fee Policy (cont.)

Category A: Community Benefit – programs, facilities and services that benefit the community as a whole. These programs, facilities and services can increase property values, provide safety, address social needs, and enhance the quality of life for residents. The community pays for these basic services and facilities through taxes and may utilize free of charge. Such programs or services can include parks and open space, educational programs, health and wellness activities, community wide special events, family activities and gang prevention programs.

Examples of current programs in this area:

Parks, Open Space & Trails

Community Wide Special Events – Egg Hunt, Dia del Nino, Tamale Festival

Family Walks

Manuel F. Hernandez Community Center Drop In Program

The Loop

Category B: Community / Individual Benefit – programs, facilities and services that promote individual physical and mental well-being and provide recreation skill development. These are the more traditionally expected services and beginner instructional levels. These programs, services and facilities are typically assigned fees based on a specified percentage of direct and indirect costs. These costs are partially offset by both a tax subsidy to account for the Community Benefit and participant fees to account for the Individual Benefit. Programs, facilities and services in this tier shall recover 50% of direct program costs.

Examples of current programs in this area:

Youth Sports – baseball, soccer, basketball, volleyball

Tiny Tot Sports

Public Swim

Swim Lessons

Senior Meal Program

Senior Citizen programs & classes

Fee Example – Youth Basketball

Expenses:

Officials \$10,000

Hourly Staff \$12,000

Recreation Coordinator \$ 2,000

Coach/Official Training \$ 800

Facility Rental \$ 7,000

Uniforms \$11,000

Equipment \$ 6,000

Awards \$ 2,000

Advertising \$ 1,500

Total: \$52,300

425 Participants into \$52,300 123.06

50% subsidy 61.53 fee

Parks and Recreation Department - Fee Policy (cont.)

Category C: Individual / Community Benefit – Services that promote individual physical and mental well-being and provide an intermediate level of recreational skill development. This level provides more Individual Benefit and less Community Benefit and should be priced to reflect this. Programs and services in this category shall recover 75% of direct program costs.

Examples of current programs in this area:

Day Camps

Enrichment Classes - dance, art, martial arts and music.

After School Activity Program

Tiny Tots Pre-School Program

Fee Example – Tiny Tot Pre-School

Expenses:

Staffing	\$480.00
Equipment & Supplies	\$200.00
Total:	\$680.00

15 Students divided into \$680 \$45.33

75% Cost Recovery = \$34.00 fee

Category D: Mostly Individual Benefit – Specialized services generally for specific groups and may have a competitive focus. In this category, programs and services may be priced to recover 100% of direct costs.

Examples of current programs in this area:

Father/Daughter Dance

Specialty Camps & Sports Camps

Kendo

Adult Sports – soccer, softball, basketball, volleyball

Swim teams

Diving Classes

Fee Example – Adult Volleyball

Expenses:

Hourly Staff	\$ 800.00
Equipment	\$ 600.00
Awards	\$ 400.00
Gym Rental	\$1800.00
Total	\$3600.00

18 Teams into \$3600 = \$200 per team

Parks and Recreation Department - Fee Policy (cont.)

Category E: Highly Individual Benefit – Programs or services that have a higher revenue potential and may fall outside of the core mission. In this category, programs and services are priced to cover all direct and indirect costs. Examples of this include elite athletic programs, food concessions and trips.

Examples of current programs in this area:

Haunted House
Photos at the Mall
Bus Trips
Certification Courses
ViTri (triathlon)

DETERMINING FEES FOR PROGRAMS

The Parks and Recreation Department will work to recover a percentage of or all **Direct Program Costs**. The following describes factors that are considered to calculate direct costs:

- Part-Time, Hourly and Contractual Staff - leaders, instructors, officials, scorekeepers , including hourly benefit cost of 5.49%
- Equipment - including stage, light rental, tables, chairs, sound systems and other such items.
- Supply/ Materials - awards, balls, crafts, tickets, certificates, videos, copies, etc.
- Maintenance/Custodial – building attendants, facility opening & closing, maintenance issues directly related to program.
- Maintenance Supplies/Materials – maintenance and/or custodial supplies needed specific to the operation of program or activity.
- Membership/Training – memberships, subscriptions, trainings specific to a program or activity.
- Special Insurance - special event or food product liability insurance
- Security – contract security or Police Department charges
- Marketing - newspaper, radio, flyers, posters
- Program Discounts, Scholarships
- Transportation - bus rental, transit tickets
- Postage
- Equipment Purchase - Total cost of equipment purchase divided by # of years for life expectancy of equipment
- Utilities
- Facility Rental Cost – cost to rent outside facilities

DIFFERENTIAL FEES, VARIANCES AND FEE WAIVER

It is understood that on occasion special consideration may be needed in determining fees for groups or individuals having circumstances uncommon to those in the fee structure criteria. In these cases, the Parks and Recreation Commission will be the approving party for all requests. Requests for a variance shall be submitted in writing to the Parks and Recreation Department 60 days prior to the date of use.

FEE REVIEW AND OVERSIGHT

The Parks and Recreation Commission shall review and provide oversight of specific program and/or activity fees and charges. Such review shall take place at least bi-annually during a regularly scheduled Parks and Recreation Commission meeting.

Parks	153	/per unit
Financing Costs	121	/per unit
Total	387	/per unit

City-wide portion of Park Fee	\$ 274	/per unit
-------------------------------	--------	-----------

The unit fee shall be adjusted annually by City Council based on the following:

- a) Five percent (5%) per year increase in land acquisition costs;
- b) An amount equal to the change in the Engineering News Record Construction Cost Index for improvement development costs.

NOTES:

The "Fee by Subdivision" shall be paid on each parcel of land in the Northeast Specific Plan Area prior to the approval of the final subdivision or parcel map. In the Case where units are to be constructed in previously subdivided areas which have not paid the unit fee identified as "Fee by Subdivision" above, the balance of the total unit fee shall be collected at the time of development.

In the event that a property develops with a non-residential use, the unit fee equivalent shall be calculated for that property and collected at the time of subdivision and building permits as appropriate.

The City-wide portion of the Park Fee is in addition to the Parks "Fee by Development" and shall be paid on each allowable dwelling unit at the same time the "Fee by Subdivision" is due.
