

Engineering Technician/ Senior Engineering Technician DOQ

Monthly Salary \$5,644- \$7,534 DOQ

Deadline: November 12, 2025

The Position

The City of Visalia is recruiting for Engineering Technician/Senior Engineering Technician (depending on qualifications). The selected Technician will be responsible for processing and approving encroachment permit applications and managing the permit parking systems for various residential neighborhoods and the City parking garage. The Engineering Technician will be expected to have good organization and customer service skills. These skills are essential to serving the needs of the public, development community, utility companies, and City capital improvement projects. In addition to these skills, the Technician will be required to coordinate and work collaboratively with other departments and divisions.

The Ideal Candidate

The ideal candidate will possess a high level of professionalism, sound knowledge of traffic control plans and ability to read and interpret improvements plans for work within the public right-of-way. The position requires excellent judgment, integrity, strong organizational skills, and the ability to communicate effectively in written and oral form. The ideal candidate will be a self-driven individual, willing to take on new challenges, be able to develop and maintain effective working relationships with coworkers, supervisors, support staff, and be willing to work on and manage multiple encroachment permit applications at any given time. The ideal candidate will have skill in applying and learning computer applications. Possession of a Work Zone Safety certificate or higher with International Municipal Signal Association (IMSA) or Traffic Control Technician certificate or higher with American Traffic Safety Services Association (ATSA) is desirable.
