WHY RECYCLE?

- Updating your services to include Recycling and Composting may provide opportunities to reduce service costs.
- Recycling helps conserve resources and creates a healthier environment for our community and future generations.
- Providing recycling helps promote your business as environmentally friendly.

How to get started.

- Use the information on the inside of this brochure to learn which items are recyclable or compostable.
- Make sure to separate your recyclable items from the trash inside your business. Place all collected materials in the large recycling container located outside of your building.
- To collect organics for composting, separate food scraps listed on the reverse side of this brochure and place them into the green compost bin, if available.
